Skills

• Soft Skills

- Adaptability, Problem-solving

• Hard Skills

- Programming Languages: C, C+, Python, JavaScript
- Web Development: HTML, CSS, Vanilla JavaScript, Django
- Tools & Technologies: Docker, Figma, Git
- Machine Learning : Linear Regression, Neural Networks, Data Preprocessing, Scikit-learn

Education

UM6P 10/2022 - 10/2024

📍 Benguerir

Development

Profil

i am Ayoub Elidryssy, i am a student at UM6P in 1337 Coding school, i am passionate about both of full-stack development and machine learning, I am now actively seeking new internship opportunities to apply and expand my technical skills while contributing to impactful projects. Passionate about problem-solving, continuous learning, and the intersection of technology and innovation, I am eager to join a dynamic team where I can continue to grow and contribute.

Projects

- **Inception:** this project about using docker and containers
- **Webserv:** this project about create a simple web server
